

VE4003S2B4 Emerson Spare Parts DeltaV Termination Block Module

Basic Information

Place of Origin: USA

Brand Name: EMERSON

• Certification: CO

Model Number: VE4003S2B4

• Minimum Order Quantity: 1pc

Packaging Details: BRAND NEW WITH FACTORY PACKAGE

Delivery Time: 2-3 daysPayment Terms: T/T

Supply Ability: 100pcs per week

Product Specification

PART NO.: VE4003S2B4
Weight: 0.25 KG
Actual Price: Query

Condition: New Original With SealedApplication: Oil And Gas Factory

• Color: Normal

• Highlight: VE4003S2B4 Emerson Spare Parts,

DeltaV Termination Block

Product Description

Product Description

Emerson VE4003S2B4 DeltaV Termination Block Module

Technical Application

The Traditional I/O subsystem was designed with your investment in mind. All components are fully modular and may be installable under power. You add I/O interface carriers and I/O interfaces in groups of 4, 8, 16, or 32 channels as you need them. The modular design enables you to purchase the exact amount of I/O cards, 8-wide or 4-wide carriers, power/controllers, and 2-wide carriers you need and add more DeltaV I/O as your system grows.All Traditional I/O components plug into the I/O interface carrier.

I/O Terminal Blocks A variety of I/O terminal blocks are available to meet specific functionality and environmental requirements of the installation. The I/O interface is a combination of the I/O card and the I/O terminal block. Each I/O interface is uniquely keyed so that once installed in a carrier slot with a terminal block, that terminal block will only accept a replacement card.
